INTRODUCTION

Everybody knows that the basic foundation of Astrology is based on the Position of the planets. The Art of living with nature, knowing the change of the weather due to the position of the planets, is Astrology.

When Astrology was formed the time was calculated by Astrology. It was universal Astrology of 'Loga Jathagam'. Then Astrology was used to predict the future events of a kingdom and for the kings. At that time the Astrologers predicted ways and means to conquer in the Mars and to protect people from the destruction due to natural calamities.

Astrology gained importance when it was used to solve the problems of an individual's life. People started believing the predictions of Astrology. People

believed the Astrology and the word of the Astrologer.

Transliteration T.L

"Punarabi Jananum Puraibi Maranam

Punarabi Janani Jadarey Sayanam",

Said Swami Athisankarar.

The above Sanskrit Slogam means: All Virtuous deeds yeild Moksha (Mukthi) to the soul in this birth itself. The Astrological adage goes like this:

"Janani Janma Sowkiyanam,

Varthinikula Sampatham,

Pathavipoorva Puriniyanam,

Likiyathay Janma Pathrika",

The above adage means: As a result of the previous birth, we have born in this world now our Virtuous deeds or Vices decide the next birth. Based on the Previous karma i.e. Virtues of sins the nature of the Horoscope of an individual is revealed.

This concept is expressed in the Poem, "Kandrai Venthan" as:

"Murppakal Saiyin Pirppakal Villaiyum"

A similar idea is expressed in Thirukural by Thiruvalluvar.

"Prirarkkinna Murppakal Saiyin Thamakkinna

Pirppakal Thamey Villaium"

Auvaayar Said:

"Seitha Theevinai Irrukka

Theivaththai Nonthakkal

Yeitha Varumo Irru Nithiyam"

As all the great Poets said the good or bad things happen to us according to our virtuous deeds or vices committed in the previous birth.

Fatelists believe that what is to happen, that will definitely happen. That will happen according to the horoscope of everybody. Just like a software programme what are to take place will take place. At the conception of a child everything is recorded and programmed in the mind of a child before it is born in this world. On the basis of one's fate things happen in a man's life. Everything is predestined nothing can change or prevent what is to happen in a man's life. Astrological Horoscope is a means to know that fate.

All that happens in this world is already determined and pre-planned. Thus said the Scientist Einstein.

It is said in the Bible that a man's hairs are counted and his days are counted. In Quoran it is said that your name is written in the Wheat you eat. The above scriptural evidences prove that everybody's life is pre-determined.

The Art of Astrology helps to know the future of everybody. This concept is found in Ancient Tamil Sangam Literatures and in Thirukural. The impact of a man's karma good or bad must be enjoyed and experienced by everyman. Till then he has to take birth and rebirth. Birth, Death and Rebirth take place according to the Virtuous deeds or vicious deeds of a man. Thirukural explains this idea in this kural (238) thus:

"Kudambai Thanithu Olliyhpul Paran Thatrey Udampodu Uiridai Nattpu".

Solar and Lunar Eclips are mentioned in Thirukural (1146) thus:

"Kandathu Manmum Orunal Alar Mannum, Thirgalaip Paampu Kunolatru".

It so happened that one day people spoke that a snake swallowed the moon. Therefore, we can infer that even in Thirukural Eclips was mentioned.

There are reference to time and its divisions in Ancient Tamil Literatures Such as (T.L) Nodi, Siri Poluthu, Maathirai, Naligai, Mookurtham Velai, Horai, (Day, Week, Month) ruthui, Ayanam, (Year and Star and Planet) Thithi. There are words which mediate the Astrologer like (T.L) Arivam, Asan, Kaniyan, Perunkaniyan, Pulavar, Periyalan, Viruchikan, Nirnithikan.

There are words which refer to the Sun and the Moon:

(T.L) *Entrum Ulavagu Nalum Iru Sudarum.*

In the Tamil Poem Naanmanikadikai we have reference to Year, Yamam, Naligai.

In Pathittupathu we see words like (T.L) Nall, Koll, Thinkal, Gnairu, Inaiya Alall.

In the famous epic Chilapathikaram there is a poetic live

(T.L) *"Angan Ulakathu Arunthathi Annalai."*

In Jeevaga Chinthamani we have a poetic line

(T.L) *"Mangalap Perungani Vakuthat Ottoraiyal"*

In Kampa Ramayanam we have reference to Astrology:

(T.L) *"Pullin Kuri Kolvan"*

In the beginning when Astrology was in Vogue Natural calamities were fore told to the kings.

In Ancient days Kingship was traditional and by birth. The son of a king become a King.

An Ordinary citizen cannot imagine to become a king. But in our democracy an ordinary citizen can become the President of a Country or the Ruler of the Nation.

In the days of king who is the legal heir to the throne that was the crucial question. Usually the eldest son will become the Prince and after the death of the king he will become the King.

But in the book called,

(T.L) Saaravali which was written by Kalyanavarman, if the ruling planets are strong even an ordinary citizen can have the fortune of becoming a king.

To-days Minister is equivalent to a king. A District Secretary of a political Party and an M.L.A or a member of the Panchayat enjoy unlimited powers like a King. The Prime Minister is an uncrowned monarch to-day in a Majority Government. Millions of members are in a Political Party yet a few become M.L.As, M.Ps, and Ministers.

Why so? Why not all? If so the birth chart should be powerful.

The reader of this article may ask a question, why are Mars and Raghu important? Are they the decisive plants to become rulers. Then what about the Lagna and Rasi, Are they not important or Significant? The Lagna is said to be the life and the Rasi is said to be the body of the Astrologer (Individual).

All people not only for the Politicians but also for we need the Lagna and Rasi to decide any event. We cannot predict any event without considering the Lagna and Rasi. Therefore to decide on an event we have to consider the Lagna (Rasi) + Moon + Mars + Raghu. We can say that Mars and Raghu, are special decisive factors.

The Astrological Rules are

Mars and Raghu connection

Moon and Mars and Raghu connections

Lagna or the Lord of the Lagna + Moon + Mars + Raghu connections.

The Explanations for the Astrological Rules are

I (A) Mars and Raghu conjunction in house.

(B) Raghu deposited in Kendram (14, 7) or Thirukonam (1, 5, 9)

(C) Raghu in Mars star or Mars in Raghu Star.

(D) Raghu deposited in the house of Mars i.e. Mesam or Viruchigam.

II (A) Moon and Mars or Raghu conjoined in a house.

(B) Mars or Raghu deposited in Moon's house i.e. Kadakam.

(C) Moon deposited in the houses of Mars i.e. Viruchigam or Mesham.

(D) Mars or Raghu in the star of Moon.

(E) Moon deposited in the star of Mars or Raghu.

(F) Moon and Mars aspecting 4th, 7th, 8th houses.

III (A) Moon or Mars or Raghu deposited in the Lagna.

(B) Moon or Mars or Raghu conjoined with the Lord of the Lagna.

(C) Mars or Moon aspecting Lagna or the Lord of the Lagna.

(D) Lagna or the Lord of Lagna or Moon or Mars deposited in the star of Raghu.

(E) Moon or Mars or Raghu deposited in the star of the Lord of the Lagna.

By applying the above astrological rules we can identify the political leaders or Politicians of tomorrow yet if we apply the above astrological rules to the leaders or Politicians of yesterday we can say that 90% of the horoscopes of the leaders or Politicians Confirm the above rules.

Mars and Raghu connection is very clear from the Birth chart, Kethu Desa Balance 4 years 3 months 6 days. He belongs to Kullampalayam in Erode District near Kopichettipalayam. He belongs to AIADMK. He belongs to DMK Party. From 2006 to 2011 he was the M.L.A of Aruppukkottai Constituency. He was acting as the Minister for education from 2011 to 2016. During this period Samacheer Kalvi Scheme was implemented in Tamilnadu. According to the Astrological Rules.

Raghu Conjoined with Mars in Mesham.

Moon is deposited in the House of Mars.

Moon is deposited in the seventh house to Mars and Raghu.

Mars in the Star of Rohini whose star Lord is Moon.

Lord of Lagna of Kanni is Mercury is in the Rishabam.

Mercury in Mirugaseerisam which is the Lord of Mars.

Moon in Viruchigam and Mercury in its 7th house.

Though the position of the planets are as noted above, in all the Birth charts of politicians invariably Moon + Mars + Raghu Conbinathanis important and prominent Hence they decide the political future of the native.

As it is said earlier Mars + Raghu + Moon are deposited in Kendra and Thirikonam position.

Raghu in the Star of Mars or Moon Raghu in the house of Mars of Moon or Moon in the Star of Mars are important.

When we read a horoscope we have to consider the place from where we predict, when we predict, to when do we predict and under what circumstances do we predict. This is called Suruthi, Ukthi, Anupavam, Petham. The general truth is this: Even if the native (Jathagar) is a foreigner the same rules apply. if he is a politician.

The combination or conjoining of Moon and Mars and Raghu is a decisive factor in the political or public life of a politician.
